

Batco TCX 1232

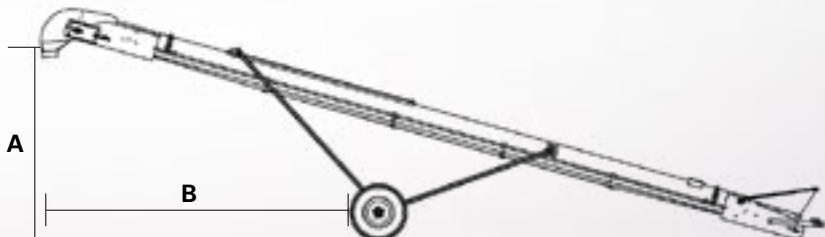

1200 SERIES | 8" TUBE | 12" BELT | Capacity up to 3800 BPH | 32' Length

Batco TCX 1232 features a lighter and shorter belt conveyor model that is easily moved around by hand, and can get into more places than other conveyors. The 2 ply chevron belt has poly slider backing and requires less horsepower allowing for reduced slipping and operating costs. The manual lift winch and collapsible intake hopper makes the Batco TCX versatile, mobile, and flexible for many different farming applications.
